Batch 5: Extended Color Fixture - Page 2 Continuity

Cross-Page Red Tone Verification (Page 2 of 3):

This paragraph retains the exact same #FF0000 pure red color from Page 1 across page boundaries.

Standard black explanation text below the red notification block.

Batch 5: Extended Color Fixture - Page 3 Final Continuity

Cross-Page Red Tone Verification (Page 3 of 3):

Final multi-page color confirmation: #FF0000 is emitted with identical fidelity on Page 3.

All multi-page continuous color states are preserved without resetting or leaking.
